Information on Mindesthaltbarkeitsdatum
(MHD = best-before-date)

Ladies and gentlemen, dear customers,

We are glad if you enjoy our offer and visit us weekly.

For 50 cents you receive foodstuffs which our employees have picked up for you from several companies in Wedel and Hamburg-Rissen.

Some goods have already exceeded the "Mindesthaltbarkeitsdatum" (Best-before-date).

That Mindesthaltbarkeitsdatum on packages indicates, until what date that product must be used properly, without any reserve of quality, and without any risks for your health.

As it shows a minimum-date the goods mainly can be consumed without any restrictions for much longer than this printed date.

Please check smell, consistency, and appearance and please decide by yourself if you may consume it. If you are in doubt, so please throw away that product.

We wish you a pleasant stay in our WEDELER TAFEL
